

IAMSA GROUP INC.

(IAG)

Technical Department

From: Technical Department
Iamsa Group Inc.
Appraisal Department

To: Ship Owners, Masters, Surveyors, Regional Agents

Date: 19th March 2018

Language: English

Scope: Issuance of IAMSA GROUP Marine Circulars

Purpose: To describe the use of Marine Circular by the Organization to promulgate technical requirements on safety and security policy and other related matters.

Application: Marine Circulars setting forth mandatory requirement and criteria of Iamsa Group Inc. Quality Management System.

Numbering

Marine Circulars are provided with an identification number assigned sequentially followed by three letters which identify the subject matter:

ADM ·	Administrative Circulars to provide criteria about administrative matters.
TEC ·	Technical Circulars to provide criteria about technical matters
LEG ·	Legal Circulars to provide criteria about legal issues.
QUA ·	Quality Management System Circulars, provide specific criteria about quality procedures and quality matters.

Maintenance

Marine Circulars should be maintained by Administrative, Technical, Legal and Quality Departments and by all stakeholders as deemed necessary. Marine Circulars are party of the Quality Management System of Iamsa Group, Inc.

Marine Circulars are controlled and officially published at the following web address:
<http://www.iamsalatam.com/circulars.html>

Reviewing of Marine Circulars

During the 19th March 2018 all Iamsa Bureau of Shipping Marine Circulars has been reviewed in order to be adapted and form part of the Iamsa Group Quality Management System, and some of them has been revoked and some of them has been re-issued. Formed MC, as part of the Iamsa Bureau of Shipping library, will remain valid Iamsa Group MC, only if a MC has been published on the official web site for maintaining circulars: <http://www.iamsalatam.com/circulars.html>.
